

Forest Stewardship Enhancing and Managing for Wildlife Habitat Workshop

WSU KING COUNTY EXTENSION • November 12, 14 • Carnation and Issaquah

Learn to create habitat while reducing wildlife conflicts. Register today for our **free** two part **Enhancing and Managing for Wildlife Habitat Workshop** in Carnation and Issaquah on Thursday, November 12, from 6:30 - 9:30 pm, and Saturday, November 14, from 9 am - 4 pm.

Hear from experts on topics ranging from creating a wildlife plan for your property, snags and large organic debris, enhancing habitat for bats and birds, and living with mammals. Visit a local property to see wildlife features in place and in progress.

Day 1: Thursday, November 12, 6:30 - 9:30 pm

- Creating a wildlife plan for your property
- Living with Bears

Day 2: Field Day Saturday November 14, 9 am - 4 pm

- Habitat overview
- Snags and Large Organic Debris
- Bat Ecology and Installing Bat boxes
- Enhancing Nesting Habitat
- Living with Mammals/Basic wildlife damage management tools

For more details or to register, please contact Ginny Ballard at ginny.ballard@kingcounty.gov or 206-205-3171.

WSU Extension experts provide resources that help individuals, families, and communities improve stewardship and quality of life in urban and rural King County. We have been doing this for nearly 100 years. Extension programs and employment are available to all without discrimination. Evidence of non-compliance may be reported through your local extension office.
